

Black Rock

Black Rock Organic Cabernet Sauvignon 2025

Background:

When the Bousquet family arrived in Gualtallary, it was virgin territory: tracts of semi-desert, nothing planted, no water above ground, no electricity and a single dirt road to access. Locals dismissed the area as too cold for growing grapes. Bousquet, on the other hand, reckoned he'd found the perfect blend between his French homeland (low acidity, warm climate) and the New World (sunny, with high natural acidity and potential for relatively fruit-forward wines). Black Rock honors our first visit to inhospitable Gualtallary terroir.

Soil:

Gravel and sandy soil.

Vineyards:

Our vineyards are in the Uco Valley at the foot of the Andes at 4,000 ft /1.200 mts a.s.l. Thanks to the dryness of the area and its phylloxera-resistant sandy soil, farming organically at Domaine Bousquet from day one was both possible and smart. The three main factors differentiating this virgin vineyard and its terroir are: the near constant breezes from the Andes to the west which help mitigate heat-stress in this desert-like climate, with its huge day/night temperature differentials, the sandy soils result in low fertility for desirable vine stress and yet are permeable for good drainage. The prevalence of groundwater, with rainfall averaging a scant 8-inches / 20 cm or less per year, from Andes snowmelt is vital to irrigate the vines drop-by-drop. In addition to the unique terroir- roots of organically-grown plants penetrate deeper, absorbing trace minerals that give wines their authentic local taste. Organic farming is healthier for the environment and, vitally, for the people who tend the vines.

Winemaking:

The grapes, sourced from the Uco Valley are harvested early in the morning to preserve the freshness of the fruit. They are then fermented in stainless steel with selected yeasts at a maximum temperature of 26°C/78.8°F for 10 days. Un-oaked, to highlight the fruit and its varietal expression.

Technical Data:

Varietal: 100% Cabernet Sauvignon.

Alcohol: 13.5%

Residual Sugar: 1.80

Acidity / PH: 5.28 / 3.67

Tasting Notes:

Intense ruby red color. Fresh and clean with berry aromas and flavors. medium body.

Pairing:

Ideal with grilled red meat and pork. Serve at 18°C/65°F.

Uco Valley, Mendoza, Argentina
